The third annual convention of the Motion Picture Exhibitors of America, to be held in New York, July 7, is attracting nation-wide attention. In view of the lack of interest shown by the local league in the opportunity to have the next convention held in Washington, it is doubtful if the claims of the mation's Capital as a convention city are to be even brought before the convention of Pirsmen and Engineers has been holding meetings in the Arcade, on upper Fouriteenth Street, the lost of which is estimated to be is a minute while in its estimated to be is a minute while in its estimated to be is a minute while in its essential to be in the Arcade, on upper Fouriteenth Street, the lost of which is estimated to be is a minute while in its essential to be in the Arcade, on upper Fouriteenth Street, the lost of which is estimated to be its a minute while in session! This convention, like many others, was brought here by the Chambers of Commerce, and the same organization, we have reason to believe, will saidly co-operate to get the Motion Picture Exhibitors' League of America to meet here in 18th if the local members of the league will but stir themselves to that end.
